

## TANZANIA

Home to some of the finest wildlife habitat in Africa, Tanzania is a premier safari destination. Large and remote wilderness areas combined with an abundance and variety of wildlife provide a setting conducive to classic tented camp safaris.

Tanzania is a land that has lured famous explorers and adventurers for centuries. Tanzania to this day still lures adventurers and sportsmen from around the world. It is one of the last remaining countries in Africa where you can still experience the true East African adventure. Whether it be hunting for the big cats, big buffalo, and special plains game, sightseeing and photography, or climbing Mount Kilimanjaro, Tanzania has everything. If you truly want an adventure and experience that is unmatched, then Tanzania is the country of choice. Apart from hunting or sightseeing, the most important aspect of your safari should be the unforgettable memories of the unique atmosphere of the African bush along with the people, animals, skills, sights, smells and sounds that you encounter while in Tanzania.

Books have been written and movies filmed, attempting to describe the impassioned grip Africa can have on the soul. From the days when hundreds of porters would carry supplies for months-on-end expeditions, to today, when the most remote places are accessible by light aircraft, there is an adventure and romance associated with a safari in the African wilderness.

For some, such as Adam Clements Safari Trackers, that adventure has become a way of life. Whether you seek a luxurious wildlife adventure, a remote and rugged area, a family holiday, or if you are a photographer with a mission, we will help you organize your journey.

We have excellent areas and camps, and whether you are in Northern Tanzania on the Masai plains, in Western Tanzania, or in the Selous Game Reserve, you will have an experience that will bring your dreams to reality and memories to last a lifetime. The areas we have in Tanzania are all PRIME areas where you can be assured of quality trophies, first class camps, equipment and our personal attention.

### Masailand

This area is located next to the Tarangire National Park. Lion, Leopard, Elephant, Buffalo, Lesser Kudu, Gerenuk, Oryx are just a few of the animals that are found in this area.

This area is perfect for those who want to hunt quality game and incorporate Masai culture into the hunt experience. No charters are required. Just a 2-3 hour drive from Arusha with a stunning camp.

### Maswa North Game Reserve

Located along the Southwestern boundary of the Serengeti National Park, this area is considered one of the most prime areas in Tanzania. Maswa is not only a dry season refuge for many of the Serengeti animals, but also has the Great Wildebeest Migration pass through the area in January and February. Lion, Leopard, Buffalo, Elephant, Thompson & Grants Gazelle, Roan, Topi are just a few of the abundant game found in this area.

Maswa offers exceptional trophy quality for Buffalo with bulls over 45-48 inches. The area bids a great opportunity at some of the largest manned Lions in Tanzania as well as large Leopards. Also available are Roberts, Grants & Thompson Gazelle, Cokes Hartbeest, and White Bearded Wildebeest just to name a few.

### Rungwa East & Rungwa Lunda

These two areas border both the Western and Northern boundary of the Great Ruaha National Park. These areas are some of the best hunting areas in Tanzania. Since the two areas also border the Kizigo Game Reserve, we have over 6,000 square km together; meaning we can manage and control the quality of our game.

These areas and ecosystem hold some of the densest Lion population in Tanzania. Numerous in numbers, these areas hold Buffalo, Leopard, Elephant, Sable, Roan, and Eland Greater & Lesser Kudu.

### Kizigo West

This area borders the Rungwa Game Reserve. It is well known for its top quality buffalo, sable and roan, and big maned lions.

### MHJ3 Selous Game Reserve

This area is known to be one of the very best blocks in the entire Selous Game Reserve. Located in the South East portion of the Game Reserve, this area is very remote and rich with wildlife. This area is specifically known for large Elephant, and has an abundance of Leopard, Buffalo and Plains Game.

**TROPHY FEES DEPOSIT**

You are required to make a refundable deposit towards anticipated trophy fees. This is paid to the USA office 45 days before your safari. We will then reconcile your final bill upon your return from safari.

<u>Safari Duration:</u>	<u>Trophy Fee Deposit:</u>
7 & 10-day	\$10,000
12-day	\$25,000
16-day	\$30,000
21-day	\$40,000
28-day	\$50,000

**OPTIONAL EXTRAS**

Companion Hunter	\$9,900 – 7 & 10 \$15,900 – 14 & 16 \$20,900 – 28 days	\$12,900 – 12 days \$17,900 – 21 days
Observer	\$450 per day	
Change of Area	\$5,000	
Baiting Vehicle	\$450 per day	
Vehicle with Professional Guide	\$550 per day	
Firearm Hire	\$50 per day	

**AIR CHARTERS**

Air charters are required to access most hunting areas in Tanzania and a current rate will be provided upon request.

**MEDICAL INFORMATION**

Tanzania is a malarial area and precautions should be taken. Please check with your physician or local health authority for details of health regulations and immunization requirements. We provide basic medical kits in all camps; however please ensure that you bring any special medications you may require.

**COMMUNICATIONS**

Camps are equipped with a VHF radio. Communication is maintained between camps and the head office. For emergencies, messages from your home can be relayed from our United States or Tanzania offices to the hunting camps. A satellite phone is available in each camp.

**HUNTING REGULATIONS**

- The hunting season begins on July 1 and ends on December 31st.
- No animal may be shot from, chased or driven by vehicle.
- Female, young or immature animals may not be hunted.
- Automatic weapons and handguns are strictly prohibited.
- All hunting clients and non-hunting observers must register their names and full particulars before proceeding to the hunting area. This information will be collected prior to the beginning of the safari in the questionnaire provided upon confirmation of the safari.

**FIREARMS AND AMMUNITION**

Each hunting client may import three rifles and one shotgun into Tanzania. Most shooting for non-dangerous game is best done with a medium rifle of .270 to .338 calibers. For medium rifles the ammunition should be loaded with premium soft nose bullets. Good examples of this bullet type are Barnes Triple Shock X-Bullet, Trophy Bonded Bear Claw and Swift A-Frame. The medium rifle should be sighted in to strike zero at 200 yards. The minimum caliber for dangerous game is .375; with other popular calibers for dangerous game being the various .416's, .458's and the .470 Nitro Express. For the heavy rifle, one should bring the heaviest weight of bullet available for the caliber also loaded with premium soft nose bullets of the type specified above. Your heavy rifle should be sighted in to strike zero at 100 yards.

**CITIES PERMITS**

CITIES permits are required for the importation of Leopard and Elephant trophies into the United States from Tanzania. These permits are available through the United States Fish and Wildlife Service and should be applied for prior to your safari. A copy of the CITIES permit should be brought with you to Tanzania and the original left with your taxidermist or shipping broker.

**CAMPS**

Traditional, comfortable tented safari camps are established in scenic locals in each area. Each tent has en suite bathroom facilities. A centrally located dining area is where all meals are served and daily adventures relived. Camps are equipped with refrigerator/freezers, generators, appropriate lighting and VHF radios for daily contact with our head office. Cuisine is of a high standard with fresh fruits, vegetables, game meats and wild fowl being the standard fare. Bottled water, soft drinks, beer, wine and spirits are all readily available.
