ADVENTURE
UNPARALLELED

When you embark on a journey to Africa for a Hunting or Photographic Safari, you are going because you want to embrace a new adventure by experiencing things you are unable to view anywhere else. We strive to ensure a successful Safari full of memorable experiences created by our knowledgeable team of professionals. It is not only the adventure that creates a successful Safari, it is the people you are surrounded with, their culture, the smells of the African wilderness, being awakened at dusk by the chirping of the Birds, the roar of the Lion at night, the tastes of different foods or being so close to a Leopard that you can almost feel its breath on you. These are just a few of the memories that we would create for you, your family and friends. It is not just a Hunt or Photographic Safari being offered but an unforgettable adventure and experience.

To all of the clients who booked and hunted with us this year, I'd like to thank you for allowing myself and our entire team the opportunity to create a memorable experience. I hope that your Safari was above and beyond your expectations as I personally strive to offer nothing less than the very best experience for each client. We have had another outstanding year with some of the most beautiful trophies taken. Our brochure speaks for itself with many satisfied clients. We have taken them on a journey, and the images are just a mere reflection of the life long memories that turned their dreams into reality. I would like to personally thank all of our Professional Hunters and Outfitters that I work with for doing an outstanding

job, as always. To my office staff, a tremendous amount of gratitude for a great year in assisting each and every client. Of course many thanks to our clients, as we owe our success to them!

When you book a Safari with Adam Clements Safari Trackers, you can be assured that you are booking a top quality Safari. I only deal with the very best Outfitters and areas, personally spending my own time and money visiting each to ensure that my clients will be taken care of. For those of you who have not booked a Hunting, or Photographic Safari with us, I hope that you will give us a call and allow us to turn your dreams into a reality, creating treasured lifelong memories for you, your family, and friends.

Tanzania is a land that has lured famous explorers and adventurers for centuries. Tanzania still lures adventurers and sportsmen to this day. It is one of the last remaining countries in Africa where you can still experience true East African adventure. Whether it be hunting for the big cats, big buffalo, and special plains game, sightseeing and photography, or climbing Mount Kilimanjaro, Tanzania has everything. If you truly want an adventure and experience that is unmatched, then Tanzania is the country of choice. Apart from hunting or sightseeing, the most important aspect of your safari should be the unforgettable memories of the unique atmosphere of the African bush, along with the people, animals, skills, sights, smells, and sounds that you encounter while in Tanzania.

Books have been written and movies filmed, attempting to describe the impassioned grip Africa can have on the soul. From the days when hundreds of porters would carry supplies for months -on-end expeditions, to today, when the most remote places are accessible by light aircraft, there is an adventure and romance associated with a safari in the African wilderness. For some, such as Adam Clements Safari Trackers, that adventure has become a way of life. Whether you seek a luxurious wildlife adventure, a remote and rugged area, a family holiday, or if you are a photographer with a mission, we will help you organize your journey. We have excellent areas and camps, and whether you are in Northern Tanzania on the Masai plains, in Western Tanzania, or the Selous Game Reserve, you will have an experience that will bring your dreams to reality and memories to last a lifetime. The areas we have in Tanzania are all PRIME areas where you can be assured of quality trophies, first class camps, equipment and our personal attention.

TANZANIA

Adam Clements Safari Trackers offers hunting in three distinct regions of Tanzania. These regions encompass a variety of habitat and offer hunting for a wide range of species. Your safari will be tailored to include hunting in the areas most suitable to your pre-selected priority species. Adam Clements Safari Trackers operates in Tanzania in association with Bushman Hunting Safaris Ltd. and Melami Hunting safaris, which operate in some of the very best areas in all of Tanzania. Not only do we offer some of the finest areas in Tanzania, but we also have first class service with luxury camps, which ensures not only a very comfortable safari, but excellent success rate on great trophies.

MASWA NORTH GAME RESERVE

Located along the Southwestern boundary of the Serengeti National Park, this area is considered one of the prime areas in Tanzania. Maswa is not only a dry season refuge for many of the Serengeti animals, but also has the Great Wildebeest Migration pass through the area in October/November. Lion, Leopard, Buffalo, Elephant, Thompson, Roan, and Topi are just a few of the abundant game found in this area.

Maswa offers exceptional trophy quality. The area bids a great opportunity at some of the largest maned Lions in Tanzania, as well as large Leopards.

CENTRAL TANZANIA

We have a couple of areas in central Tanzania in the Rungwa and Kizigo game Reserves. These are some of my personal favorite areas! These areas can be challenging, but very rewarding, as the quality of game in this area is excellent. The area boasts a large population of Big Lions. Excellent quality Leopard, Buffalo, Sable, Roan, Greater Kudu, Eland, Oribi, Hartebeest, and Zebra can be expected on a safari.

SELOUS GAME RESERVE

This area is known to be one of the very best blocks in the entire Selous Game Reserve. Located in the South East portion of the Game Reserve, this area is very remote and rich with wildlife.

MASAILAND

This area is located next to the Tarangire National Park. Lion, Leopard, Buffalo, Lesser Kudu, Oryx, and Grants Gazelle are just a few of the animals that are found in this area. Masailand is perfect for those who want to hunt quality game and incorporate Masai culture into the hunt experience. No charters are required. Just a 3 hour drive from Arusha with a comfortable camp.

BOTSWANA

This is one of the oldest privately owned game farms situated in the heart of the Ghanzi District in Botswana's Kalahari Desert. This is a vast reserve that is around 100,000 acres. We are on the edge of a limestone ridge with an underlying aquifer abundant with underground water supporting our rich variety of wildlife. This is a Plains Game hunter's paradise with a great abundance of game. It is also a wonderful tented camp, so you still get the real Africa feel under canvas in first class style.

ALASKA

We have several different guides and outfitters that we use in Alaska depending on what type of hunt and animals you desire. There are many different options, from interior Grizzly hunts to Coastal Brown Bear, as well as Black Bear, Caribou, Dall Sheep, Moose and Mountain Goat. We have very physical type hunts from spike camps to more comfortable hunting from cabins and boats. Alaska is a very remote and tough place to hunt and one has to be mentally and physically prepared. Weather always plays a factor in hunting in Alaska and you should always count on a few days of your hunt spending down time in a tent or cabin due to unpredictable weather conditions. The adventure and experience will be one that you will never forget and it is a great place to hunt for those looking for a challenge. Contact us for options and prices.
