The newest addition to our fleet is the 100-foot luxury yacht “Golden Eagle”. The Golden Eagle was custom built for Budweiser Brewing Company for it’s corporate staff and clients, originally being called the Double Eagle.

Take note of the beautiful bronze eagle sculpture aboard the vessel given her original namesake. From it’s beautiful teak wood decks, to it’s massive windows allowing for full views of the Alaska wilderness you will find this vessel to meet your every need.

The Golden Eagle boasts four full size staterooms, each with walk in closets, built in dressers with ample space to comfortably unpack into- making yourself at home while cruising and en suite bathrooms with full vanity and walk in showers. Each room is maintained daily by the onboard steward to insure a comfortable stay.

- Fine Finishes throughout with modern updates
- Multiple private sitting areas inside and out
- Panoramic windows in spacious salon
- 4 well appointed staterooms each with ensuite bath
- Expert Naval Architecture for a comfortable ride in any seas
- 5 star chef with full executive galley
- Satellite TV available in each room
- Full Separate crew area gives our guest increased privacy
