# *ACS FISHING IN TANZANIA*

Our Malagarasi River in the Moyowosi Game Reserve is the wildest most remote and best fishery there is for Tiger fishing in my opinion. We have 200 km of river that you will fish during your adventure. Set deep in an untouched corner of Western Tanzanian wilderness. This area is home to monster 20-pound-plus tigers. Nobody else can offer you 200 km of private remote fishing all to yourself where you fish all 200 km! A trip to Tanzania, Africa is without a doubt a journey to the wildest edge of fly fishing, and with our guide one of the most experienced guides in the entire region. The Malagarasi River is the finest, wildest, and most productive African tiger fisheries hands-down that Africa has to offer. If you want to experience a fun wild and remote fishing destination where you catch big Tiger Fish, drift amongst Crocodile and hippo, and get to see beautiful birdlife. Then, this is the experience of an adventure in remote Africa. We promise you that there is nothing like it in the world!
