

ADAM CLEMENTS  
SAFARI TRACKERS

UNPARALLELED ADVENTURE

As one of man's oldest traditions, hunting is not only a passion, but a way of life. For those of us who choose the hunting life, there is a piece of our soul that beckons us to take to the woods, to the bush, to the water, or to the mountains and reconnect with the ways of old. We respect the wildlife that we pursue.

At Adam Clements Safari Trackers, we understand this need, because we feel the call as well. We strive to give our clients an adventure and memories to last a lifetime, and hunting stories that can be passed around the campfire for future generations. Whether you want that big black-maned lion, 200+ inch Mule Deer, or a trophy big-horn sheep, we have a hunt for everyone. With a devotion to customer service and knowledge in the industry, we will help you plan from beginning to end.

I was born and raised in Tanzania, East Africa to missionary parents who dedicated their lives there for 42 years. I grew up on the shores of Lake Victoria right next to the famous Serengeti National Park as my

back yard. I grew up hunting as early as I can remember and that passion for wildlife has never faded to this day. I did a lot of animal control hunting for the government for Hippo, Lion, and Leopard at an early age along with a lot of Buffalo hunting. At the age of 19 I went to the University of Tennessee and got my BS degree. During my University

Sarah & Fairyn Clements

years I worked for the police department and ended up working as undercover narcotics for the government after that. After several shootings and being shot at, being stabbed and receiving the purple heart from the government, I decided that I would pursue my real passion of hunting. So, in 1994 I started Adam Clements Safari Trackers and gradually grew my company one client at a time into the successful company it is today.

I have to date taken with clients 122 Leopards and 86 Lions and known by many of my clients as the cat man! I can only say thanks to my loyal clients and to those of you who have hunted with me in the past and present, for without your trust in me, I would not be where I am today!

I am very blessed to have met and married my beautiful and smart wife Sarah who is a Pharmacist and who also handles my accounting. We have a beautiful daughter Fairyn who is just as smart as her mother and loves the outdoors and being in Africa. We as a family strive to give you our very best when you book your adventure with us and I can assure you that my experience and knowledge of this industry will save you time and money.

Alicanne Benedum, Office Manager

# IF YOU ONLY VISIT TWO CONTINENTS IN YOUR LIFETIME, VISIT AFRICA TWICE.

– R. ELLIOT

When you embark on a journey to Africa for a Hunting or Photographic Safari, you are going because you want to embrace a new adventure by experiencing things you are unable to view anywhere else. We strive to ensure a successful Safari full of memorable experiences created by our knowledgeable team of professionals. It is not only the adventure that creates a successful Safari, it is the people you are surrounded with, their culture, the smells of the African wilderness,

being awakened at dusk by the chirping of the Birds, the roar of the Lion at night, the tastes of different foods or being so close to a Leopard that you can almost feel its breath on you. These are just a few of the memories that we would create for you, your family and friends. It is not just a Hunt or Photographic Safari being offered but an unforgettable adventure and experience.

To all of the clients who booked and hunted with us this year, I'd like to thank you for allowing myself and our entire team the opportunity to create a memorable experience. I hope that your Safari was above and beyond your expectations as I personally strive to offer nothing less than the very best experience for each client. We have had another outstanding year with some of the most beautiful trophies taken. Our brochure speaks for itself with many satisfied clients. We have taken them on a journey, and the images are just a mere reflection of the life long memories that turned their dreams into reality. I would like to personally thank all of our Professional Hunters and Outfitters that I work with for doing an outstanding job, as always. To my office staff, a tremendous amount of gratitude for a great year in assisting each and every client. Of course many thanks to our clients, as we owe our success to them!

When you book a Safari with Adam Clements Safari Trackers, you can be assured that you are booking a top quality Safari. I only deal with the very best Outfitters and areas, personally spending my own time and money visiting each to ensure that my clients will be taken care of. For those of you who have not booked a Hunting, or Photographic Safari with us, I hope that you will give us a call and allow us to turn your dreams into a reality, creating treasured lifelong memories for you, your family, and friends.

Adam Clements Safaris Limited is our actual operating company within Tanzania. The government concessions that we offer in Tanzania are all managed and operated with our own camps, staff, vehicles, and supplies. We have our own big office located in Arusha to handle all operations and trophy exports.

Tanzania is a land that has lured famous explorers and adventurers for centuries. Tanzania to this day still lures adventurers and sportsmen from around the world. It is one of the last remaining countries in Africa where you can still experience the true East African adventure. Whether it be hunting for the big cats, big buffalo, and special plains game, sightseeing and photography, or climbing Mount Kilimanjaro, Tanzania has everything. If you truly want an adventure and experience that is unmatched, then Tanzania is the country of choice. Apart from hunting or sightseeing, the most important aspect of your safari should be the unforgettable memories of the unique atmosphere of the African bush along with the people, animals, skills, sights, smells and sounds that you encounter while in Tanzania.

Books have been written and movies filmed, attempting to describe the impassioned grip Africa can have on the soul. From the days when hundreds of porters would carry supplies for months-on-end expeditions, to today, when the most remote places are accessible by light aircraft, there is an adventure and romance associated with a safari in the African wilderness.

For some, such as Adam Clements Safari

Trackers, that adventure has become a way of life. Whether you seek a luxurious wildlife adventure, a remote and rugged area, a family holiday, or if you are a photographer with a mission, we will help you organize your journey.

We have excellent areas and camps, and whether you are in Northern Tanzania on the Masai plains, in Western Tanzania, or in the Selous Game Reserve, you will have an experience that will bring your dreams to reality and memories to last a lifetime. The areas we have in Tanzania are all PRIME areas where you can be assured of quality trophies, first class camps, equipment and our personal attention.

# ALASKA

We have several different guides and outfitters that we use in Alaska depending on what type of hunt and animals you desire. There are many different options, from interior Grizzly hunts to Coastal Brown Bear, as well as Black Bear, Caribou, Dall Sheep, Moose and Mountain Goat. We have very physical type hunts from spike camps to more comfortable hunting from cabins and boats. Alaska is a very remote and tough place to hunt and one has to be mentally and physically prepared. Weather always plays a factor in hunting in Alaska and you should always count on a few days of your hunt spending down time in a tent or cabin due to unpredictable weather conditions. The adventure and experience will be one that you will never forget and it is a great place to hunt for those looking for a challenge. Contact us for options and prices.

Texas is where we can offer you hunting year round for exotics and something to do on weekends or something to do with family. It is also a great option for corporate hunts. Whether you are looking for Record Book trophies or just a fun get away, we have something for everyone and every situation.

## HOG HUNTING WITH HELICOPTER

We have just the place for you to go to do some hog hunting with helicopter and stay in a beautiful luxury lodge down in Matagorda county near Bay City. I have chosen this as my preferred Hog hunting place as it is exceptional for Hog hunting due to the rice fields throughout the area. You will hunt 1 hour in the morning and 1 hour in the evening by Helicopter.

Other activities to do if you so wish would be Bay Fishing, Offshore Fishing, Thermal Night Hog Hunting.

## HOG HUNT WITH HELICOPTER
